

Oil Production 60,000 bpd
 Gas Production 60 MMscfd
 Produced Water 40,000 bpd
 Dry-Tree Production Well Risers 8 (6 predrilled)
 Export Pipeline Riser (SCR's) (1)14" Oil, (1)14" Gas
 Future Subsea (SCR's) (2)6", (2)10", (4)umbilicals
 Total Facility Payload (Max. Operating) 9,470 short tons

Hull Form
 Hull Diameter 94 feet
 Normal Operating Freeboard 50 feet
 Centerwell 42'x42'
 Overall Draft 536 feet
 Total Length 586 feet
 Number of Taut Catenary Lines 9
 Water Depth 5,610 ft.
 Piles Suction
